Let light complement your mood and transform the way you feel.

Think about how your mood changes when a drab, cloudy morning turns into a sun-kissed day, and then that bright afternoon sun softens into an evening dusk. You go from feeling lackluster to energized and then relaxed.

**The reason is light.**

Light not only changes the look of the day, but also affects the way you feel. Wouldn't it be nice to adjust the amount of daylight in your home to complement your mood and even transform it?

With Lutron, you have the power to do that. The press of one button can shape the lighting in a space to create the perfect atmosphere for any activity.

## The Lutron Difference on Your Project

- We have over 20 years of experience and knowledge in the motorized shading industry, and we are the world leader in precision controlled motorized shades.
- We provide the entire shading solution—the shade itself, electronic drives, controls, power supplies, and hardware—ensuring the highest-quality products and a satisfying customer experience.
- We offer the widest breadth of line, with eight shade styles and over 1,500 materials and fabrics for any budget or application.
- We pay exceptional attention to detail, for functional—and beautiful—controls, and offer a wide selection of styles, colors, and finishes.
- We offer seamless integration of daylight, electric light, security systems, and HVAC systems, for total home control solutions that help save energy.
- We provide global 24/7 customer support from our Pennsylvania headquarters.

SHADE STYLES: LUTRON OFFERS THE MOST COMPLETE LINE OF  
MOTORIZED SHADE STYLES AND FABRIC OPTIONS

Our motorized shades are available in a variety of styles so you can choose the type that works best with your home's design.

**Roller Shades**

Roller shades complement both traditional and contemporary designs and are available in different sizes to accommodate the needs of any room. (Battery-powered options are available.)

Roller Shades

**Horizontal Sheer Blinds**

Horizontal sheer blinds pair the soft elegance of a sheer with the precise control of a blind. Sheer layers also offer privacy, even when vanes are open.

Horizontal Sheer Blinds

**Pleated Shades**

Pleated shades are a beautiful window treatment that give a pleated form to roller shade fabric. These shades provide added dimension to a room with crisp, Z-shaped pleats.

Pleated Shades

**Honeycomb Shades**

Honeycomb shades add luxury to a space with their elegant textures, as well as depth, thanks to their cellular design—which also provides superior insulation. (Battery-powered options are available.)

Honeycomb Shades

**Wood/Venetian Blinds**

Wood/Venetian blinds are an attractive and effective way to ensure privacy, while still allowing sunlight to filter into a space. Only Lutron Wood/Venetians with Independent Lift and Tilt can offer precision alignment of both tilt and lift position between multiple shades.

Wood/Venetian Blinds

**Drapery Track Systems**

Drapery track systems electronically operate pinch pleat or ripplefold draperies to elegantly provide quiet, convenient control of daylight. Simple controls and smooth transitions transform any room into a pleasing, inviting space.

Drapery

**Kirbé® Vertical Drapery System**

An industry first, the Kirbé vertical drapery system smoothly pulls fabric up and completely out of the way - unlike traditional draperies that move from side-to-side. This unique design provides greater access to windows and views by eliminating the creation of stack back.

Kirbé Vertical Drapery

**Roman Shades**

Roman shades allow for more reliable, smoother, and virtually silent shade movement.

Roman Soft Fabrics and Woven Woods

Now that you have an overview of the various shade styles we offer, turn the page to see how our shades can enhance every room in your home.

PLEATED SHADES

## The Entry

**Create an inviting home.** Raise shades remotely from the comfort of your car. Daylight floods your entry, highlighting your décor.

## The Kitchen

**Put your home in the right light.** Prepare for an early afternoon lunch with friends. Press one button.

Shades raise and natural light floods the room. Overhead lights dim, setting a subdued and casual tone.

## The Breakfast Nook

**Prepare for the day ahead.** Press "Morning." Blinds quietly lower and slats gently tilt downward, welcoming the sun.

Your breakfast nook is in just the right light, making breakfast a soothing start to your day ahead.

## The Dining Room

**Stay in.** Enjoy a quiet dinner in the comfort of your own home. Adjust blinds and lighting levels to set the mood for the evening.

## The Living Room

**Relax.** Release the stress of the day. Lower shades to take away the late-day glare and preserve the view. Let the cityscape inspire you.

## The Sitting Room

**Rest assured.** Shades automatically lower every day at noon, preventing harsh rays from fading your hardwood floors and furnishings. Your valuables stay valuable.

## The Bedroom

**Sleep in.** Settle into bed for a great night's sleep. Turn to your bedside control and press "Good Night."

Lights gently lower and blackout drapes close, ensuring that the morning doesn't come too early.

## The Bathroom

**Unwind.** Hard-to-reach shades are at your fingertips. Simply press "Close" to give yourself the privacy you need and the escape you deserve.

## The Home Office

**Stay focused.** Eliminate glare from the computer screen and reduce the strain on your eyes. Lowering your shades will filter the sun's harsh rays and provide the optimal light levels for your workspace.

## The Home Theatre

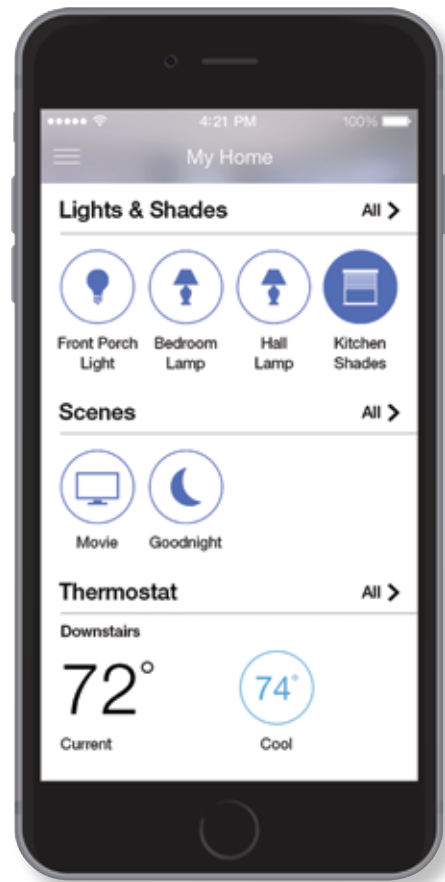

**Sit back and enjoy the show.** Relax on your couch. Press one button to dramatically raise the drapes and reveal the screen. Lights dim, and the movie takes you away.

## The Nursery

**Ensure sweet dreams.** Your baby will sleep soundly as shades silently lower, blocking daylight from entering the room and creating an ideal atmosphere for slumber.

## The Guest Room

**Pamper your guests.** Make their home away from home comfortable. One control is all they need to enjoy the beauty of the day or the serenity of the night.

## Complement any décor with Lutron controls and accessories

Our controls and accessories (such as GFCIs and cable jacks) are available in a variety of styles. So whether your décor is contemporary, classic, traditional—or something in between—we can add that finishing touch to a room.

## A color and finish for any space

We offer a wealth of inspiring color options for our controls, including bold shades, warm earth hues, and versatile neutrals.

With nearly 50 options to choose from in a variety of gloss, matte, satin, and metal finishes, we make it easy to select the perfect color keypad, dimmer, wallplate, or receptacle for any space.

## Inspiring Fabric Collections

Choose from four stylish collections within the Lutron Design Collections, as well as from sophisticated fabrics in The Essentials Collection.

### The Lutron Design Collections

The Lutron Design Collections is our newly refreshed and redesigned fabric offering. Curated from leading manufacturers all over the world, the Design Collections bring Lutron window treatments to the forefront of fashion. Created for high-end residences, these four fabric lines encompass over 1,500 fabrics.

#### The Gallery Collection

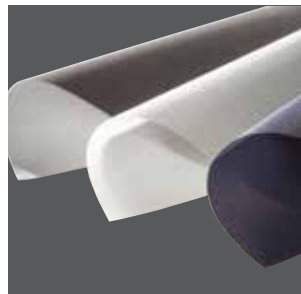

The Gallery Collection is an extensive line of fashion fabrics for roller shades, horizontal sheer blinds, pleated shades, and honeycomb shades.

#### The Avant Collection®

Beautiful, sophisticated soft fabrics and natural woods define this collection of traditional drapery, Kirbé® vertical drapery, wood/venetian blinds, and Roman shades.

#### The Classico™ Collection

This collection of performance fabrics is available for roller, tensioned, and cable-guided shades.

#### The Euro Collection

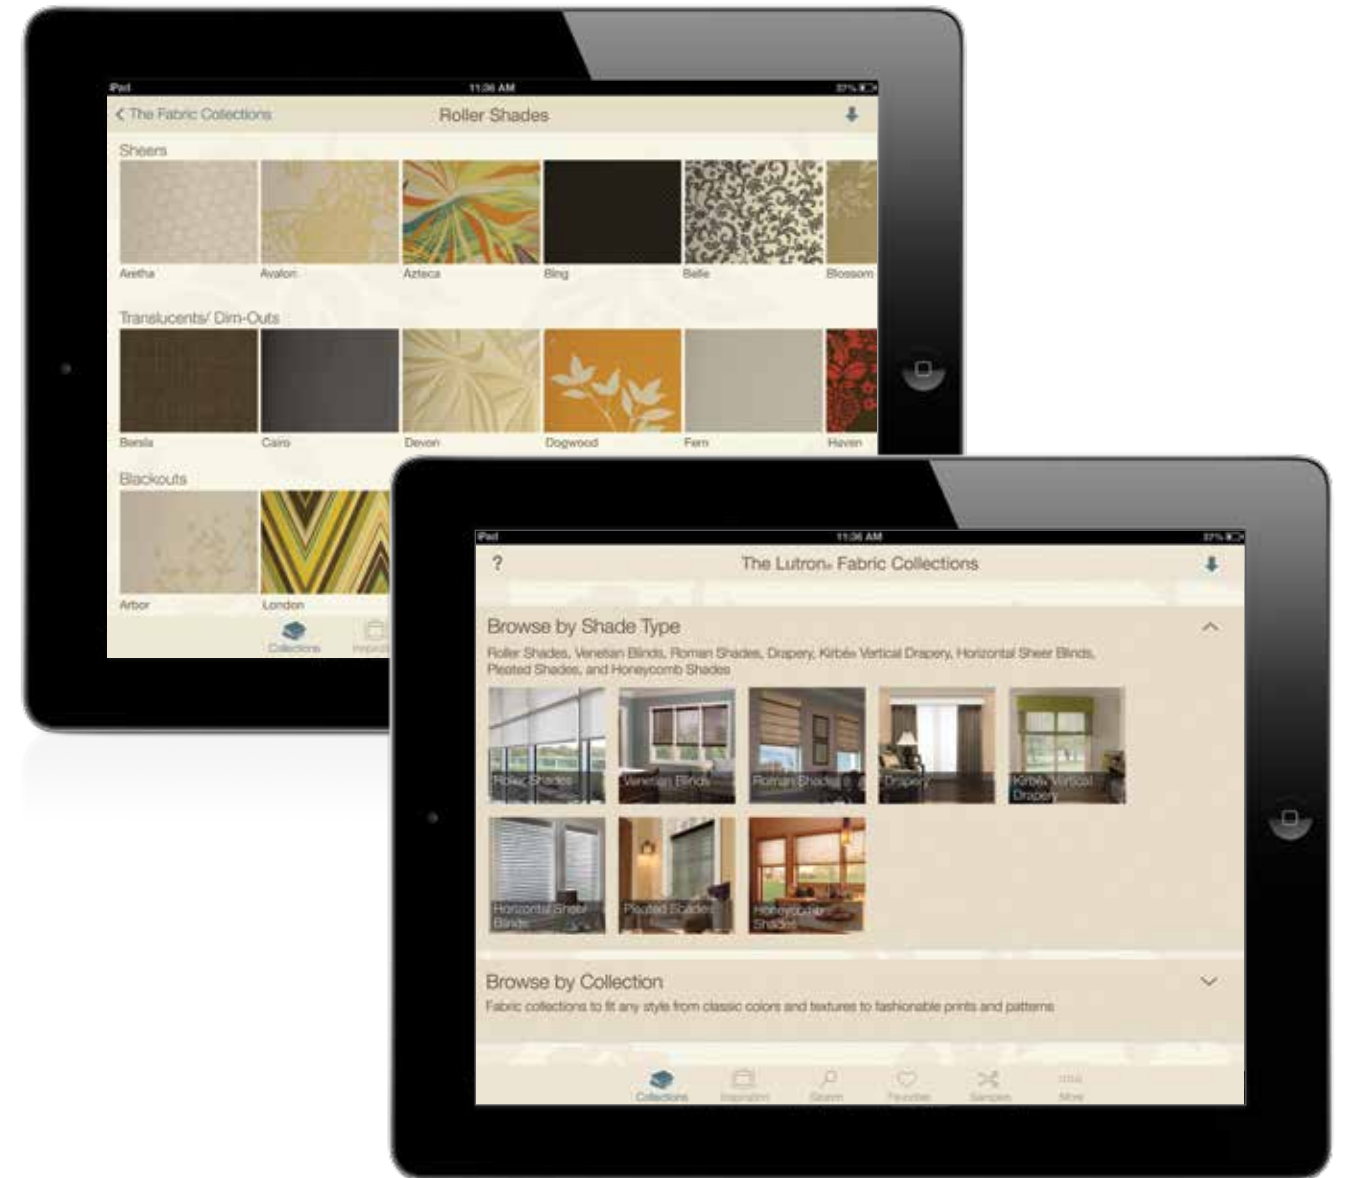

Fashion meets technology when Coulisserie—a premier European brand in window fashion—and Lutron come together in this stylish collection for roller shades, XL pleat shades, and wood/venetian blinds.

### The Essentials Collection\*

The Essentials Collection consists of roller and insulating honeycomb fabrics specifically chosen for our line of battery-powered shades. With a variety of colors, textures, and opacities in bold solids, textured linens, and woven fibers, the Essentials Collection has a fabric to suit every taste and application.

## Lutron Fabric Collections App

Order samples and start shopping today! Download the Lutron Fabric Collections app for your iPad® for free from the App store. Browse fabric collections, application images, or shade types, as well as zoom in on fabric swatches to see greater detail. You can save, print, or email favorites, and order samples straight from your mobile device.

## Custom Fabric Programs

### Customer's Own Material (COM)

Draperies or Roman Shade

We recognize the unique nature of your projects and the need to match or coordinate window treatments with existing furnishings. This service allows you to select materials outside of our standard offering, giving you the freedom to create your own design while still providing the reliable motorization of Lutron.\*

*Pinch pleat drapery panel in Customer's Own Material*

### Custom Printing

Traditional or Kirbé® vertical drapery and roller shades

Give your space a personal touch by reproducing a favorite painting or custom design on a Lutron approved fabric. You can choose to supply your own design or can choose from one of our pre-designed patterns below. In just three easy steps you can select your print, email your request, and then approve your proof and place your order.\*

#### Traditional or Kirbé Vertical Drapery

#### Roller Shades

### Custom Printed Standard Patterns

Looking for a signature design but don't have a pattern in mind? Available for traditional and Kirbé vertical drapery as well as roller shades, the following prints add a unique shading style to any space.
